

IF FACULTY/STAFF LEARN A STUDENT IS COVID POSITIVE

Undergraduate
Student

Graduate
Student

Professional
Student

Tell the student they must notify Emory Student Health through the Student Health Portal. Oxford students should use the Oxford Student Health Portal.

Submit a Student of Concern Form and **check Yes** to the option that says: Students in Isolation/Quarantine.
This routes the form to your school's academic liaison(s) who will follow up with the student directly.

Respect student confidentiality for those in isolation/quarantine.

Please do not inform the class. Contact tracing will reach out as needed.

If you have questions, reach out to your school's Risk Mitigation Lead.

What you find out and when will depend on your interactions with the person who is Covid positive. For more information on **Need to Know** and **Want to Know**, visit Emory Forward.
