Index Interview

- Students asked about where they may have gone and any close contacts, they had within 48 hours of experiencing symptoms or positive test through date of interview
- Close Contact: anyone you were within 6ft proximity for at least 15 minutes during the 48 hours before you felt sick until now (whether or not you both wore masks). The 15 minutes are cumulative over a 24-hour period.
- Did the case travel or leave home during the 48 hours prior to symptoms beginning or test date?
- Where did the case go? (Try to be specific, i.e. an intersection or address)
 - Did the case have any close contacts here that they can provide information for?
 - Contacts are listed and identified by affiliation
- Has the case traveled or left home since their symptoms began?
 - Did the case have any close contacts here that they can provide information for?
 - Contacts are listed and identified by affiliation

Close Contacts

- Close Contact: anyone you were within 6ft proximity for at least 15 minutes during the 48 hours before you felt sick until now (whether or not you both wore masks). The 15 minutes are cumulative over a 24-hour period.
- Student contact tracers conduct a contact tracing interview with Emory students reported as contacts
 - Exempt from quarantine if fully vaccinated and asymptomatic
 - Tested 5th day after exposure
 - Must wear mask indoors and in large groups for 14 days post exposure
 - Must quarantine if symptomatic regardless of vaccinated status
 - Tested immediately
- Employee contacts listed are transferred to the Employee Contact Tracing team via email
